MCA is committed to the concept that a child's success in school is dramatically impacted by the parents' involvement in the educational process. We invite you to bring your interests, talents, and experience into this process through your participation at home and at school. How can you be involved?

ACADEMIC INFORMATION

We are devoted to making a difference in education and our high expectations are matched by our love and concern for your child. Please read the Mission Statement printed on the back of this application to better understand Millennium Charter Academy. Additional information is also available.

Millennium Charter Academy is dedicated to the overall growth of our students. Describe your child academically, socially, emotionally, and/or physically so that we might better meet his/her needs.

Complete the enclosed release and authorization for your child's records and we will have them sent here. Final placement is not made until all records have been received.

Read the enclosed admissions procedures.

.....
I testify that I have read all the information required by this application and that all the information submitted herein is accurate and truthful.

Signature of Parent/ Legal Guardian

Millennium Charter Academy is an independent, public school and no tuition is required. Millennium Charter Academy does not discriminate on the basis of race, color, national origin, sex, religious affiliation, or any other basis.

OUR MISSION

Millennium Charter Academy is a public school whose classroom is the community, which invites parents, teachers, students, and the community to collectively challenge each child to achieve superior academic standards and to develop the highest moral character. We expand educational choice with an innovative, student-centered environment producing life-long learners equipped with the knowledge and critical-thinking skills necessary to become leaders in the 21st Century.

MILLENNIUM CHARTER ACADEMY

ADMISSIONS PROCEDURES

Applications are accepted up to one year in advance of desired enrollment, but not earlier than August 1. Siblings of currently enrolled students receive admission priority and do not participate in the lottery, but must submit an application prior to the lottery deadline. If the total number of applications received exceeds the established capacity of the Academy or grade level for the upcoming year by February 20 (the lottery eligibility deadline), then a fair and impartial lottery will be held on February 21 of that same year. Those who are accepted by lottery will be required to enroll no later than March 15 for the upcoming school year. A student who fails to enroll by the March 15 deadline if accepted by lottery may be removed from the list of students and may be required to re-apply to gain admittance. If the applications do not exceed Academy or grade level capacity by February 20, then all students who have submitted applications by that deadline will be accepted for admission and no lottery will be held.

Additional students will then be accepted on a first-come, first-served basis after February 20 until the capacity is full. If more than one application is received after the lottery and the capacity is exceeded, then a daily lottery of that day's applications only will be held. Those students that are accepted after the completion of the lottery will be required to enroll within three weeks of notification of acceptance. A student who fails to enroll within three weeks of notification of acceptance may be removed from the list of students and may be required to re-apply to gain admittance.

If a lottery is held, those students not accepted by the lottery will be placed on a priority waiting list in the order drawn. Students will then be contacted in the order established by lottery, or if no lottery is required, in the order applications are received, if and when openings occur. Parents of any student on the waiting list will have two full working days after being contacted to determine whether to place their child at MCA. If the parents do not respond, the next student on the waiting list will be given the opportunity in the same manner set forth above. All contacts for this purpose will be made by telephone; unless at the time the parent places a child on the waiting list he or she discloses that phone service is unavailable. In that event, the time frame will be extended by additional two business days to allow for first class mailing.

Lottery Eligibility Deadline: February 20
