Development

Sprucing Up Campus

You may have seen the new trash and recycling receptacles near the main playground and the soccer field. These very nice and attractive containers were made and donated by Girl Scout Troop 02744, under the direction of troop leader Marti Goad and co-leader Tina Morrison, who are also MCA parents. The girls completed this project as part of their Bronze Award, and out of their love for our community and their desire to help keep the school grounds looking nice. They even used recycled pallets to make the receptacles, which are labeled with our MCA logo. Left to right on the back row are MCA students **Krista Morrison, Acacia Phillips, Taylor Pike, and Katie Patterson**. Other troop members are Maddie Hornaday, Autumn Ayers, and Allison Moncus. The troop also created a receptacle for Franklin Elementary School.

Working Cross Country

We're roaring about these high school students who gave up a Saturday to help with the annual River Run Cross Country Invitational, hosted by the MCA cross country team and Athletic Director, Mr. Rodney King. Over three hundred runners from twenty area schools came out to participate in the event. To help make sure the event was safe and successful, several MCA high school students volunteered to help direct runners around the course. Left to right are **Zack Wardle, Jacob Majure, Wil Danley, Cameron Adams, Kennedy Byrd, Karlie Gwyn, and Tristan Shockley**. Congratulations to the MCA cross country team for running in the event, in which the top state level NC High School Athletic Association runners also participated.

MCA by the Numbers 2019-2020

- 825 Students across 13 grades
- 103 Employees
- 526 Student / Lab / Faculty Computers
- 7 Buses which travel approximately 16,000 miles annually on regular routes transporting almost 300 children to/from school daily, and 10,000 miles annually on sporting events and field trips
- 118,623 square feet in our facility

MCA is celebrating 20 years of providing a better education in our community with this school year.
