

Roaring About Our Lions Everywhere

Who would have thought when the last *The Lion's Roar* was published, that by the next publication, we would all be working from our homes near and far? That school would be closed for in-house teaching, that all our sports and activities would be cancelled, that colleges and businesses would be closed, and that we'd all be staying at home? And who would have realized how wonderful our faculty and staff are to figure out how to teach remotely, and how wonderful our parents and students are to adapt so quickly to a new method of learning? And who would have realized how wonderful it is to be able to have times of reflection about the things that are truly important to us, even in the midst of uncertainty? The COVID-19 pandemic has certainly changed our daily lives and our ways of thinking. We want to give our loudest roar ever for you, our school families, for your support, patience, ingenuity, and concern for others during this time. Our school family is strong and close, and we realize that we are lions, strong, smart, and courageous, no matter where we are.

Buildings are Being Thoroughly Cleaned

During this extended time without people in the building, our housekeeping staff is working to thoroughly clean and sanitize everything. Clockwise, beginning at top left, **Candace Ward** and **Ronnie Marsh** have just finished cleaning and polishing the 3rd-5th grade lunchroom. **Chris Marsh** scrubs the floor in Mrs. Kern's room. In the third wing hallway, Mrs. Davis' vocal music room and the lunchroom (in the center) are gleaming!

MCA Office of
Development

Bus Drivers Thoroughly Clean Our Buses

Mr. Doug Shepherd, Ms. Tammy Inman, and Ms. Amy Waddell cleaned and sanitized our buses. Mr. Shepherd was very excited to report that the buses “smell like lilac” because of the cleaning products used, and that the ceilings of the buses also shine “like when they were new.” Thanks to the MCA Transportation Department for taking such pride in our fleet.

Pick-Up / Drop-Off Days A Success

Again, we want to roar about our families for helping our pick-up and drop-off of school materials be successful. The best part was getting to see our families, even if it was just for a few minutes.
